Use of Photographs and Videos

During their time at HHIS child/ren may be photographed or filmed as part of normal school activities/ classes by the school. These images may be used as part of school related presentations, displays, booklets, newsletters or publicity material.

Disclaimer: In the event of any images of my child/ren being taken by the school, I consent to them:

- Being used in school newsletters.
- Being used on our website.
- Being used on our Social Media pages.
- Being used in marketing/advertising.
- I DO NOT allow the use of my child's photo for any of the purposes mentioned above.

Photographs taken by Parents

We accept that parents may wish to take photographs of their own child/ren at school events such as sports-days and performances. It is not however acceptable for anyone to take photographs of child/ren during normal class activities, without the permission of the school. Nor is it acceptable for parents to share images of child/ren other than own, on any form of social media.

I agree that any photos or images taken that include child/ren other than my own are not shared on social media sites and permission will be requested for any photos taken during normal class activities.

Local Educational Visits

We are committed to using the local environment to enhance learning. Students are regularly taken by Metro Bus to visit local sites. Parents will be notified of these visits by class and school newsletters. Permission will always be sought for visits taken outside of the local area.

I consent to my child/ren using school transport to travel within the Hua Hin and Cha Am area for educational activities including swimming.

Insurance

We consider that the care and wellbeing of our students is of the utmost importance. HHIS takes precautions to ensure that the safety of our students, by making sure that all school programmes are run in a responsible manner, are taught and managed by qualified professionals and that our facilities are built and maintained to appropriate standards.

While we have comprehensive insurance cover to protect the integrity of the school's operation and everyone within it, we assume that parents will take separate steps to insure the health of their own families.

In order to provide initial first-aid and emergency response if a child sustains an injury at school, our accident insurance policy provides 50,000 Baht immediate cover whilst a child/ren is participating in school programmes. This emergency accident insurance is provided by the school and while we make no additional charge to parents, we assume that all medical costs in excess of B50,000, will be covered by the parents' own family health insurance policies.

I understand the purpose and limits of the school's student accident insurance policy.

Emergency

I accept that In the event of emergency, my child can be taken to hospital without my agreement, if I cannot be located in time.
